

Regarding the Sierra 60m band module in Sprat 172

Stefan, DL9TX has checked the presented 60m band module with his NWT 500 network analyzer.

Here are his results we would like to communicate with you.

L5 T37-2 ~~1,8uH 18 turns 0.4mm wire~~ change to 2,2uH with 23 turns using 0.4mm wire

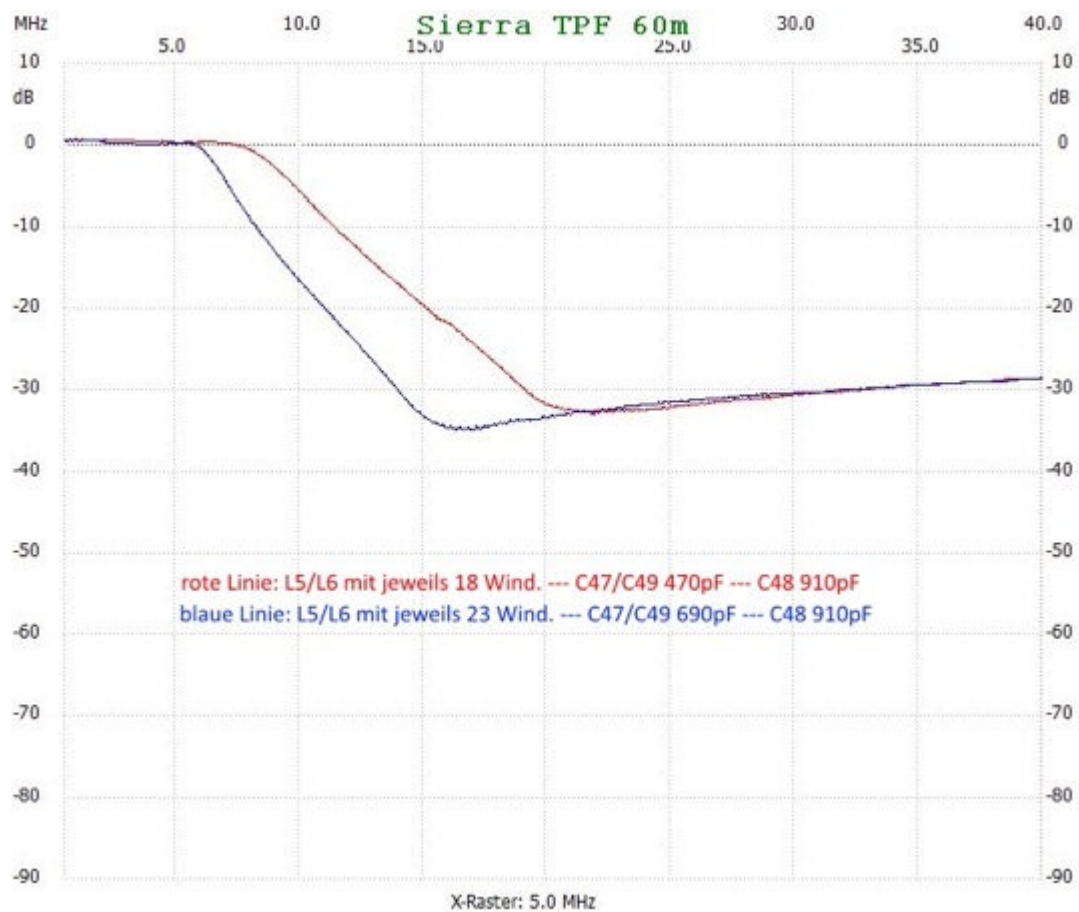

L6 T37-2 ~~1,8uH 18 turns 0.4mm wire~~ change to 2,2uH with 23 turns using 0.4mm wire

~~C47 465pF~~ change to:

C47 470pF plus 220pF = 690pF

~~C49 465pF~~ change to:

C49 470pF plus 220pF = 690pF
