Dimensions:-

Width – 22mm; Length – 35mm; - height (from PCB) – 20mm

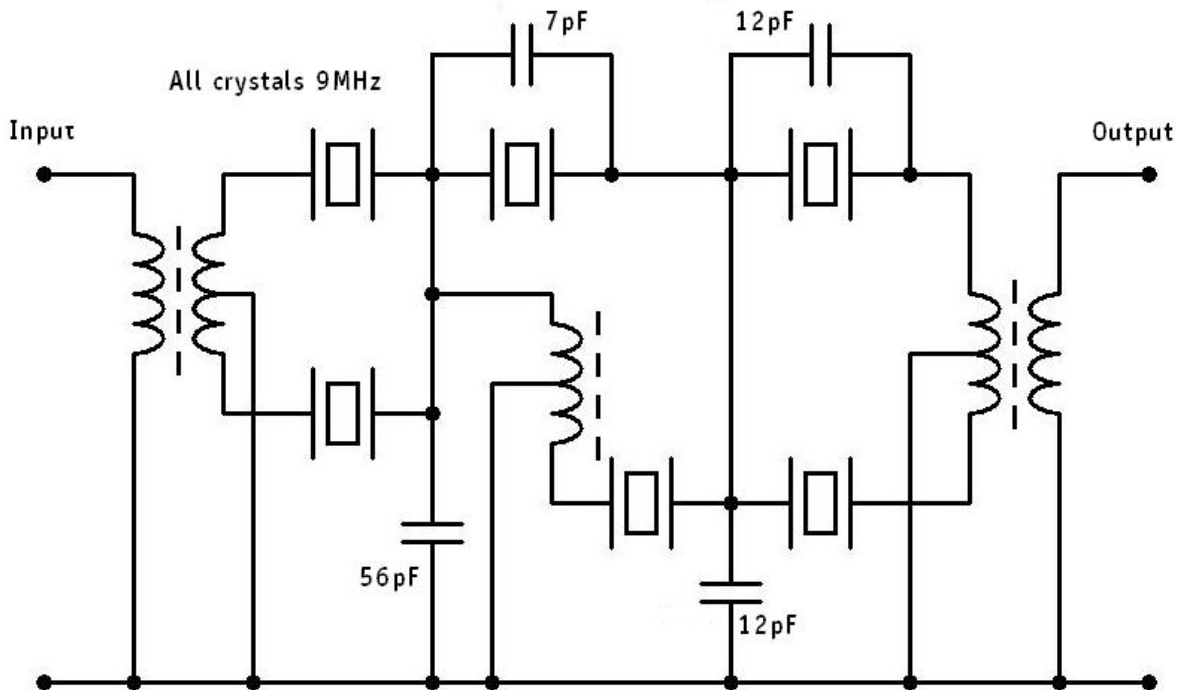

The fixing screws, 2.5mm thread, are 26mm apart and central on the width.

The connection tags are also 26mm apart and 8.5mm from the screws.

The above pictures are with the (normally sealed) case removed.

The input and output impedances are both 500 Ohms (Our CW filters are different - 50 Ohms input and output)

Circuit.

G-QRP Club 9MHz SSB (2.2kHz) 500 Ohm Crystal Filter
